PROFESSIONAL SUMMARY

B.Tech (AI & Data Science) student with proven experience building NLP chatbots and blockchain verification systems. Completed AI/ML internships at Infosys SpringBoard, Google, and AWS. Proficient in Python, deep learning, Streamlit, and MySQL. Seeking an entry-level AI/ML role to deliver data-driven solutions.

TECHNICAL SKILLS

Languages: Python, C
AI / ML: NumPy, Pandas, TensorFlow (basics), NLTK, NLP, Deep Learning
Web & Tools: HTML, CSS, Streamlit, MySQL, Visual Studio Code, excel, powerbi
AI Tools: Claude, Cursor, Prompt Engineering, Blockchain (basics)

INTERNSHIP EXPERIENCE

Infosys SpringBoard 5.0 — AI Intern (Remote) Oct 2024 – Dec 2024
Python | NLP | Deep Learning | Streamlit

- Built AI Mental Health Support Chatbot using NLP & deep learning; achieved 87% intent-classification accuracy on 2,000+ queries.
- Implemented Streamlit UI with user authentication & feedback loop, improving personalised response accuracy by ~30%.

Anuvega Technologies Pvt. Ltd. — QA Intern, Hyderabad Jan 2023 – Jun 2023
PCB Inspection | Circuit Testing | Quality Control

- Inspected 150+ PCBs/week for defects; maintained defect-escape rate below 2%, reducing rework by 15%.
- Executed functional tests for shorts, opens, and circuit continuity, contributing to a 15% reduction in rework.

PROJECTS

Mental Health Support Chatbot Python | NLP | Streamlit | Deep Learning

- Conversational AI chatbot with empathetic response generation; 87% accuracy on custom 2,000-query dataset.
- Session-based context tracking reduced irrelevant responses by 40%; deployed with real-time feedback system.

Certificate Verification via Blockchain Python | Blockchain | QR Code | MySQL

- Tamper-proof certificate storage on blockchain with QR-code instant verification.
- Design a Mysql backed admin dashboard to issue , revoke, and audit certificate with full audit trail logging.

EDUCATION

B.Tech — AI & Data Science, Dr. HS MIC College of Technology, Kanchakacherla 2023–26
CGPA: 7.72

Diploma — AANM & VVRS Polytechnic, Gudlavalleru 2020–23
Percentage : 84%

SSC — St. John's Model High School,bantumilli 2020
Percentage :97%

CERTIFICATIONS

- AI Primer Certificate — Infosys SpringBoard (Sep 2024)
- Python Internship Program — XML IT Solutions (Jul-Sep 2024)
- Google AI-ML Virtual Internship — AICTE / EDU-Skills (Jan-Mar 2025)
- AWS AI-ML Virtual Internship — AICTE / EDU-Skills (Apr-Jun 2025)

ACHIEVEMENTS

- Presented Blockchain project at college Ideathon — recognised among top teams out of 30+ entries.
- Demonstrated AI chatbot at AGAMA technical fest, MIC College, receiving appreciation from industry evaluators.
